Azure US Gov Test Date 2019.10.06   Azure US Gov Test Result PASS

Best Practice Check PASS   CredScan Check Not Tested

Deploy to Azure   **Visualize**

This template deploys a **Windows Server Datacenter 2016 VM with Visual Studio 2019 Community Edition**, informing only two parameters **adminUsername** and **adminPassword**. This will deploy a Standard $D2v2$ size VM in the resource group location and return the fully qualified domain name of the VM.
